

Fine Wools 1949 - 2026

26th Annual Spring
ON PROPERTY RAM SALE

Friday, September 25th, 2026

**Sale 12.30pm via AuctionsPlus Helmsman
at "White Oaks" 279 Melville Forest - Vasey Rd
Open from 10am**

Lots can be viewed via AuctionsPlus
in the leadup to sale day

Welcome

We would like to welcome everybody to our 26th On Property Sale. The preceding years since our last one have been marked by a dramatic shift in what is required from a merino sheep to remain profitable against all the competing land uses, rising costs and limited labour.

This change is something we have worked hard on and is a cornerstone of our current and future business success.

Apart from the 4 rams (Lots 1,2,37 and 38) used at display events in the leadup to our sale all rams have been presented straight out of the paddock.

All rams have survived a rigorous stud selection process before final selection to be part of the sale team.

Firstly they must pass through structural assessment at multiple age stages before being required to pass a hard hurdle of 140 Sustainable Merino (SM) Index once they have had all their data fully measured.

This allows us to ensure only those rams physically as well as economically suitable are being retained for use or sale.

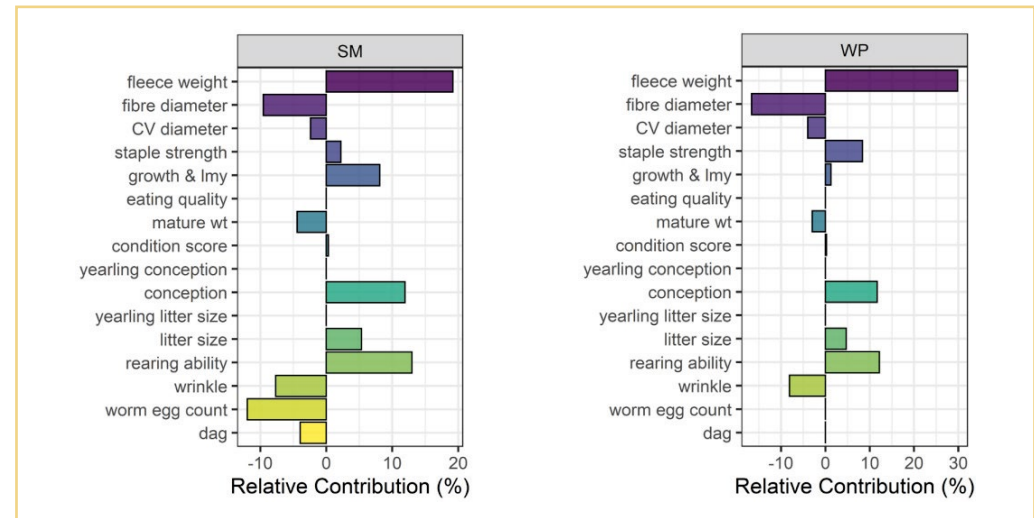

Outside Agents

Outside agents will be offered a rebate of 3% where buyers are introduced prior to the sale.

Australian Sheep Breeding Values (ASBVs)

Whilst individual traits may be of greater concern there is no escaping the effectiveness of indexes to drive genetic gain at the same time as achieving these goals. As a stud and commercial business we are always aiming to have multiple sale avenues depending on market and season variations. This results in us leaning towards animals that score well across traits and unsurprisingly across the difference indexes.

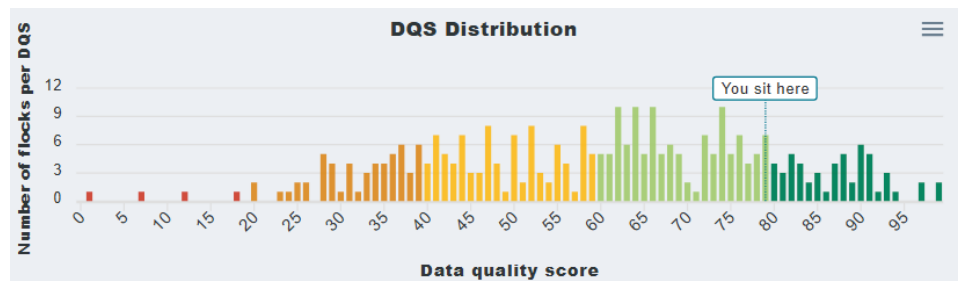

Within the Catalogue we have chosen the SM index which we think best accounts for a profit / Welfare mix. Whereas the wool production alongside this allows us to pick animals that are also producing plenty of fibre. And no surprises one of our core strengths in reproduction gives us a healthy boost the whole way along, as you will note with the majority of the rams in our catalogue.

The longer the bar the greater the relative contribution to the index.

Health

Brucellosis Accredited Free Flock: 3760
Gudair Vaccinated at Marking
Vaccinated with 6 in 1 SeB12 as lambs and on 19/05/2026
Drenched with Moxistar and Abastar on 04/09/2026

Mulesing Status (Ceased Mulesing)

From 2021 no rams have been mulesed
From 2024 no stud ewes have been mulesed
From 2026 no commercial lambs have been mulesed
